Gentlemen:

Subject: ANNEXATION OF A PORTION OF A COUNTY
HIGHWAY TO THE CITY OF LONG BEACH

Amendments to the Government Code enacted by the 1955 Legislature permit the Board of Supervisors to initiate proceedings whereby unincorporated territory consisting solely of highways, or portions thereof, and bounded on both sides by city boundaries, can be annexed to one of the adjacent cities. The reason for annexing such unincorporated highways to adjacent cities is to remove a confusing problem of control and supervision over performance of governmental services on such highways, which confusion also results in inconvenience to the public, particularly abutting property owners.

On October 9, 1956, the City Council of the City of Long Beach adopted Resolution No. C-16042 requesting the Board of Supervisors to effect the annexation of a portion of a County highway described as Increment 151 to the City of Long Beach. This portion of unincorporated territory, consisting solely of a highway, has been approved by the Los Angeles County Boundary Commission as required by law. The City of Lakewood, which bounds this increment on the opposite side, has no objection to this proposed annexation to the City of Long Beach.

This office and the County Engineer have investigated this proposal and concluded that it would be advantageous for the County to effect the annexation of this portion of a County highway to the City of Long Beach. Proceedings are initiated by the Board of Supervisors by passing a resolution of intention to cause the annexation and filing a notice of a public hearing. Subsequent to the hearing, a majority vote by your Board will make the final decision on the proposed annexation.

THEREFORE, IT IS RECOMMENDED

That your Board adopt the attached resolution to cause this annexation, and to file notice of a public hearing thereon, in accordance with the provisions of Government Code Sections 35450-58.

Very truly yours,

Dear Mr. Allison:

In reference to your letter of October 31, 1955, regarding discrepancies in the boundaries of the Lakewood Park, Recreation and Parkway District, we realize that the area in question is entirely within the highway rights of way and therefore, and justly so, we believe should be within the boundaries of the incorporated area of the City concerned. The area in question was annexed to the District, we believe, on January 27th of 1953, by order of the Board of Supervisors. Since that time the City of Lakewood has been formed. The District's boundaries presently include the entire City of Lakewood, parts of the City of Long Beach and other unincorporated areas.

We feel that it would be advantageous to both the City of Lakewood, the City of Long Beach and the District if this one particular area were not within the boundaries of the Lakewood Park, Recreation and Parkway District. Therefore, it would be appreciated by our office if you or your department would furnish us with a legal description of the area pointed out in your letter of October 31st.

In explanation of our thoughts re: the above, we would call to your attention the fact that a withdrawal from the District of an area presently within the boundaries of the City

of Long Beach may become a reality within the next eight weeks. Your expediting this matter would assist us in completing the withdrawals of both areas under a single action by our Board of Directors.
